Key Insight

OVERVIEW

- Mean CGPA across departments is 3.42, indicating a reasonably strong performance.
- Departments like Psychology (3.47) and History (3.45) have higher CGPAs, while others such as Political Science (3.42) and Chemistry (3.42) are on par with the mean.
- Continuous monitoring of departments with lower scores (e.g., English at 3.44) can help improve outcomes.

COURSES VIEW

- Each department registered for 50 courses
- Student perform better at 3unit courses
- Almost all courses has the lowest student grade

LECTURER VIEW

- A total distinct count of 100 lecturers
- lecturers with 4years experience perform better

STUDENT VIEW

- Each student enrolled for 50 courses
- A total no of one thousand student Over nine hundred student failed one or more courses only eighty three student passed all courses.
- highest CGPA is 4.10 which falls under second class upper and also the categories majorities fall into.
- Age 24 has the highest CGPA performance.

Recommendations

Improving Academic Performance

- **Targeted Interventions:**

Focus on departments with CGPAs around the mean (e.g., Political Science, Chemistry, and English) by introducing peer mentoring, study groups, and academic tutorials to improve student performance.

- **Departmental Support Programs:**

Implement department-specific programs such as tutoring sessions and faculty development workshops to strengthen teaching effectiveness and student learning.

Addressing Low and Average Grade Categories

- **Supplemental Instruction Programs:**

Introduce remedial classes and workshops for students in the 3.0–3.5 grade range to help them improve performance and move toward higher categories.

- **Personalized Learning Plans:**

Offer academic counseling and individualized learning strategies for struggling students.

Enhancing Student Support Systems

- **Wellness and Motivation Programs:**

Introduce student wellness programs, including mental health counseling and motivation sessions, to ensure students perform at their best.

- **Career Guidance:**

Offer career counseling and industry exposure opportunities to keep students engaged and aligned with career goals.

By implementing these recommendations, you can drive academic excellence, improve student satisfaction, and enhance overall institutional performance. Let me know if you'd like me to expand on any specific area!

Optimize Lecturer Performance

- **Recognition for Top Performers:** Regularly recognize the “Top Five Lecturers with Highest Student Grade” through awards, bonuses, or other incentives to motivate staff.

- **Mentorship Programs:** Pair top-performing lecturers with less experienced ones to foster knowledge sharing and professional growth.

Strengthen Professional Development

- **Training Opportunities:** Provide professional development programs for lecturers, particularly for those with less experience, to help improve their performance.

- **Research Encouragement:** Encourage and fund research opportunities, especially for lecturers in lower categories (Lecturer 1 and 2), to build expertise.

Improve Lecturer Effectiveness

- **Feedback System:** Introduce student feedback forms to gather insights on lecturer performance, teaching style, and effectiveness.

- **Performance Analysis:** Combine total scores with qualitative feedback to create a comprehensive view of lecturer impact.
